

Adirondack Rural Health Network (ARHN) 6-County Health Assessment Survey: including the counties of Essex, Fulton, Hamilton, Warren, Washington, and Saratoga

A random telephone survey of 300 households (on average) in each county

Surveys completed in March, 2004 in all counties except Fulton and southern Saratoga County.

In May, 2007 Fulton and southern Saratoga County households were also surveyed by telephone.

The questionnaires were identical except for the addition of a few minor response categories, as noted.
